Communication No. 1777

ISU Development Trophy

As announced in ISU Communications No. 1722 and No. 1767, the International Skating Union has initiated a new international competition, the “ISU World Development Trophy”. This initiative that is in line with the Mission Statement and Objectives of the ISU Development Program (as specified in ISU Communication No. 1531) has the objective of providing an incentive to ISU Members currently being inactive or having only a limited level of activity in one or several ISU sport disciplines.

In order to assess the level of activity of the ISU Members, the ISU Development Coordinator has conducted a global investigation using as criteria the Members participation at ISU Championships during the past two seasons (2010/11 and 2011/12) with a focus on Figure Skating (Ladies, Men), Ice Dance and Short Track Speed Skating.

Based on the analysis and conclusions of the above-mentioned investigation, by taking into account the indicated interest for participation in the ISU World Team Trophy by the potential participating Members, the Council agreed to launch the ISU Development Trophy competitions during the ongoing season 2012/13 at the locations and dates and with the participation of the Members for each competition as listed in the Annex attached.

Based on the experience gained, the Council will evaluate this initiative and decide upon future editions, possibly including also the other ISU sports disciplines (Speed Skating, Pair Skating, Synchronized Skating) and additional and/or different participation of Members.

The corresponding Announcements and Entry Forms are attached to this Communication.
